

## **Drew the Magic Cat!**

### **Chapter 1**

Drew was a very pretty cat. She loved to run. She lived with her mom in a very far away land. One day the mom knew she would have to find a place for her kitten to live in. She knew she would miss her kitten. She knew she would never see her kitten again. She said her last good bye to her kitten hoping she would fall into good hands. One day a nice lady came and heard the kittens cry. And when she found the kitten she took it home with her.

### **Chapter 2**

The lady was very lonesome. Then one day the kitten started to fly and run faster than ever. Then her owner gave her a name. She said "I will call you Drew; Drew the Magical Cat." The owner loved Drew. And one day Drew had kittens! But they were all magic kittens and that's were all the kittens get there nick name: Magic Kitties. And the owner never would tell anyone about it. And that's the story I was told about Drew the Magic Cat.

The end
